Hello,

WE BELIEVE THAT AN EDUCATION CONSISTS OF MORE THAN ACADEMIA, THAT TO TRULY LEARN IS TO EXPERIENCE LIFE FROM ALL ANGLES AND TO TRULY SUCCEED IS TO GAIN AN OPEN PERSPECTIVE.

At EducateMe Global, our aim is to cultivate transnational education through the embracing of multiculturalism and modern opportunity. We see that in the 21st century, the academic world has become increasingly small yet ever more advanced. The ability to study abroad, learn about new cultures and embrace a multicultural mind-set is the new key to ethical, moral and financial success in life. In light of this, our organization exists solely to help individuals and groups to understand a rapidly changing academic and economic landscape. We aim to help people break borders and build bridges, to perform on a stage of global thinkers in a cosmopolitan environment.

To our students, we strive to be the body to guide, support and inspire. The helping hand that enables the new generation to reach for their aspirations with confidence, without fear of failure. Rooting every individual's success in the strong foundation of an international education. Giving every student willing to learn the tools and stepping stones to become sterling ambassadors of a new age in modern history. We encourage every student's uniqueness and individuality, acknowledging that every person will pave their path forward into their own future.

An abundance of experience, a wealth of resources and a wide network of not just universities but employers lie at your fingertips. We are here to help you.

With the warmest regards,
EducateMe Global Directors

TESTIMONIALS

01

**MOHAMMED
FIRST OFFICER AIR WISCONSIN**

The professional and personable approach to a student was evident and I felt confident in my choice of school because of their sincerity and advice. I can say that the mentoring ability is unquestionable and one that I hold in high regard as it resonates with a passion towards enhancing a student's learning and understanding.

02

**SONAL
AUDITOR DELOITTE**

I came to study from India with a lot of goals and aspirations and was unsure of the path to reach them. They helped give me direction and connect me with the best institutions for me and networks to find opportunity. They combine professionalism and passion to provide individuals like me with excellent advice and support through my application and even when studying. I give EducateMe Global my highest recommendation.

About Us

APPLY

At EducateMe Global, we will aid you with your application from the moment you start looking at universities up until the moment you enrol. We will be with you every step of the way. **Pg. 11**

An Educational Consultancy focused on you.

At EducateMe Global, we help students from all over the world to find universities and courses that are right for them. We are here to make those who are aspiring toward higher education in an unfamiliar and foreign country feel comfortable and secure. We're helping people to focus on the bigger picture, to focus on their future, their education and their career. Seeking to help students not get stuck in processes and formalities, using the support of our consultants deal with the little things.

OUR PARTNERSHIP WITH VFS GLOBAL

VFS Global is the largest visa facilitation services provider in the world. They manage the administrative and non-judgmental tasks related to visa, passport, identity management and more. They act in this role with 64 client governments such as the United Kingdom, India and Qatar. As our student guidance partners, VFS Global offers expert advice on all matters relating to visas. The aim of this service is to seek to eliminate visa refusals for all

our students. This gives our universities and students alike some peace of mind, knowing that an expert at VFS Global will assist in completing visa applications and reviewing supporting documentation. Visa refusals often present an unnecessary and costly risk for all parties involved and this service is key to ensuring that every student moving into higher education has a smooth and simple journey.

STUDY

Throughout your studies, we will maintain a relationship with you to make sure your university experience is as smooth as possible. We will provide you with resources to succeed. **Pg. 13**

GRADUATE

After you graduate, we will aid you in pursuing further education or assist you in entering the job market in order to jump-start your future career. **Pg. 14**

A MISSION AND A VISION

LOOKING TO THE FUTURE

At EducateMe Global, we focus on two interdependent outlooks of the future: the micro and the macro. Our first focus is on the individual - each student with their own unique aims, goals and potentials - and what they stand to achieve for themselves. The forward thinking and potential of every student is a component of a much larger generational future. This is the macro, the nature of this generation and their impact on a

ever-growing world. Our mission is in the immediate future, to give every learner the opportunity to achieve an international education. This leads on to a distinct vision for the future where we embrace multiculturalism and cultivate transnational education. This is a future where national borders are purely geography, where innovation and creation are global.

What We Do

REGENT'S UNIVERSITY

“BEST IN CLASS FOR SUPPORTING THEIR STUDENTS”

Our services

We pride ourselves on our end to end service. Our aid is available to you at any point during your educational journey from application to graduation and even up through into your professional career for visa services and additional courses. What we offer is a comprehensive support system that guides you and advises you on anything you could possibly need. Medical care, financial guidance, student support, career guidance, accommodation advice and more are all offered as part of our service. Read more on [pg 15](#).

Why us?

From our academic affiliations to our network of student ambassadors to our expert advisors we are unique in our offerings. Each of our students is individual and differs in their situations and goals so our approach is always personalized. You will have one dedicated consultant for the duration of your time with us so you will get to know each other well and we will be able to specialize our offerings for you. Our consultants have as much as 33 years' experience in the education industry and use their expertise to propel you onward and forward.

Our Core Values

•Simplicity

We ultimately want to make your transition into higher education as easy as possible, allowing you to embrace your opportunity to study in the UK.

•Integrity

We will always have your best interest at heart when we give you advice, our opinions will always be as unbiased and we will be transparent with our students and partners.

•Motivation

We are always striving to motivate our students and partners to reach for more and raise their sights.

•People

You are the heart of our process, we are dedicated to helping you strive and excel in whatever you choose to do. We will be there if you encounter any hurdles to help you beat them.

•Learning

Our aim is to see you reach your educational ambitions and beyond. We are dedicated to facilitating the learning process.

•Equality

We are fully aware that not everyone comes from the same background and we will work to adapt to each individual in order to make their experience as personalized as possible.

Flexible and comprehensive

We are here to work around you to make the application process as easy as possible. We want to make sure every aspect of your experience is accounted for.

Our Team

Experience

We pride ourselves in the expertise we have in our team. EducateMe Global is made up of a number of individuals who excel in their fields. All of our team has practical experience and is here to make your student life a success.

VINOD SIYANI

Vinod's specialisation is in international compliance. He uses his mass of experience to ensure that every student's journey is flawless from the moment of enquiry for all our learners. His advice and guidance for international students is bolstered by all his experience, making it invaluable.

Expertise

- Over 30 years' experience
- Has been head of national student visa operations amongst other senior roles
- Worked with over 10 major universities

DYLAN SHAH

Dylan began working in education while studying at a world renowned university. His expertise is grounded in student experience and his vast knowledge of universities around the UK enables him to support students in making the right decisions for them. He manages our operations and our team of ambassadors.

- Grounded in the student experience
- Academic representative
- Vast knowledge of UK universities

SARA PALMER-SANDS

Sara's experience is centred around alternative education routes into university. She attended a prestigious university in the UK and has extensive knowledge on the systems affecting the student journey and experience. Sara works with students and coordinates outreach.

- Extensive student journey experience
- Has taught in multiple countries
- Worked with multiple institutions in the UK

Student Ambassadors

Our network of student ambassadors are a key aspect of your student journey. They support you settling in and understanding your university. They will always be there for you to speak to for your time at university and are great people to make friends with.

JAMES

James is a great asset to any new students as a contact. He knows his university inside out and can point you toward where the best areas on campus are for social life and which societies you might enjoy. He is sociable and enjoys offering advice to anyone who might benefit.

CAITLIN

Caitlin knows all about the international student experience. Being from Trinidad and Tobago, she has had many of the same experiences that our students will have settling in to university in a different country. She's extremely knowledgeable about the systems of her university and is happy to offer support to any students.

TOBY

Toby has done a gap year and has attended two universities! He's great to speak to for advice on societies and social life on campus. He's been in a major city and at a campus university so he's got lots of advice for people who aren't sure where to study. He loves speaking to people and helping new students.

Info

- BA Geography
- Exeter University
- Managing Director of the A Cappella Society

- MBBS Medicine, BSc Medical Science with Neuroscience
- University College London
- General Secretary at UCL Taekwondo

- MEng Aeronautics and Astronautics
- University of Southampton
- Principle oboe in Southampton University symphony orchestra

Our network of student ambassadors is always growing and consists of students from all over the country! James, Caitlin and Toby are just a few examples of the wealth of knowledge and capability that exists within this network. Our student ambassadors are all approachable and sociable and would be more than happy to lend a helping hand and offer advice to EducateMe Global students so don't be afraid to get to know them!

Application Plan

TIME SCALE

We run multiple intakes throughout the year. Other than the September intake, some students may prefer to start their studies in January or May. Generally the process from enquiry to application will take no more than a month as our consultants work round the clock, round the year to help you succeed. The turnaround of an application will depend on whether additional testing is required - this could be interviews or written assessments. In some cases we will work with our partner institutions to administer an offer within days, sometimes this time frame can be extended to weeks. Once you have an offer, our student guidance partners at VFS Global will help you to complete a visa application which should take no more than a few days for normal cases. After this we will help students settle in to university and they can enrol on their courses. At every stage your consultant will provide support and advice so that the process is as simple and easy as possible for you.

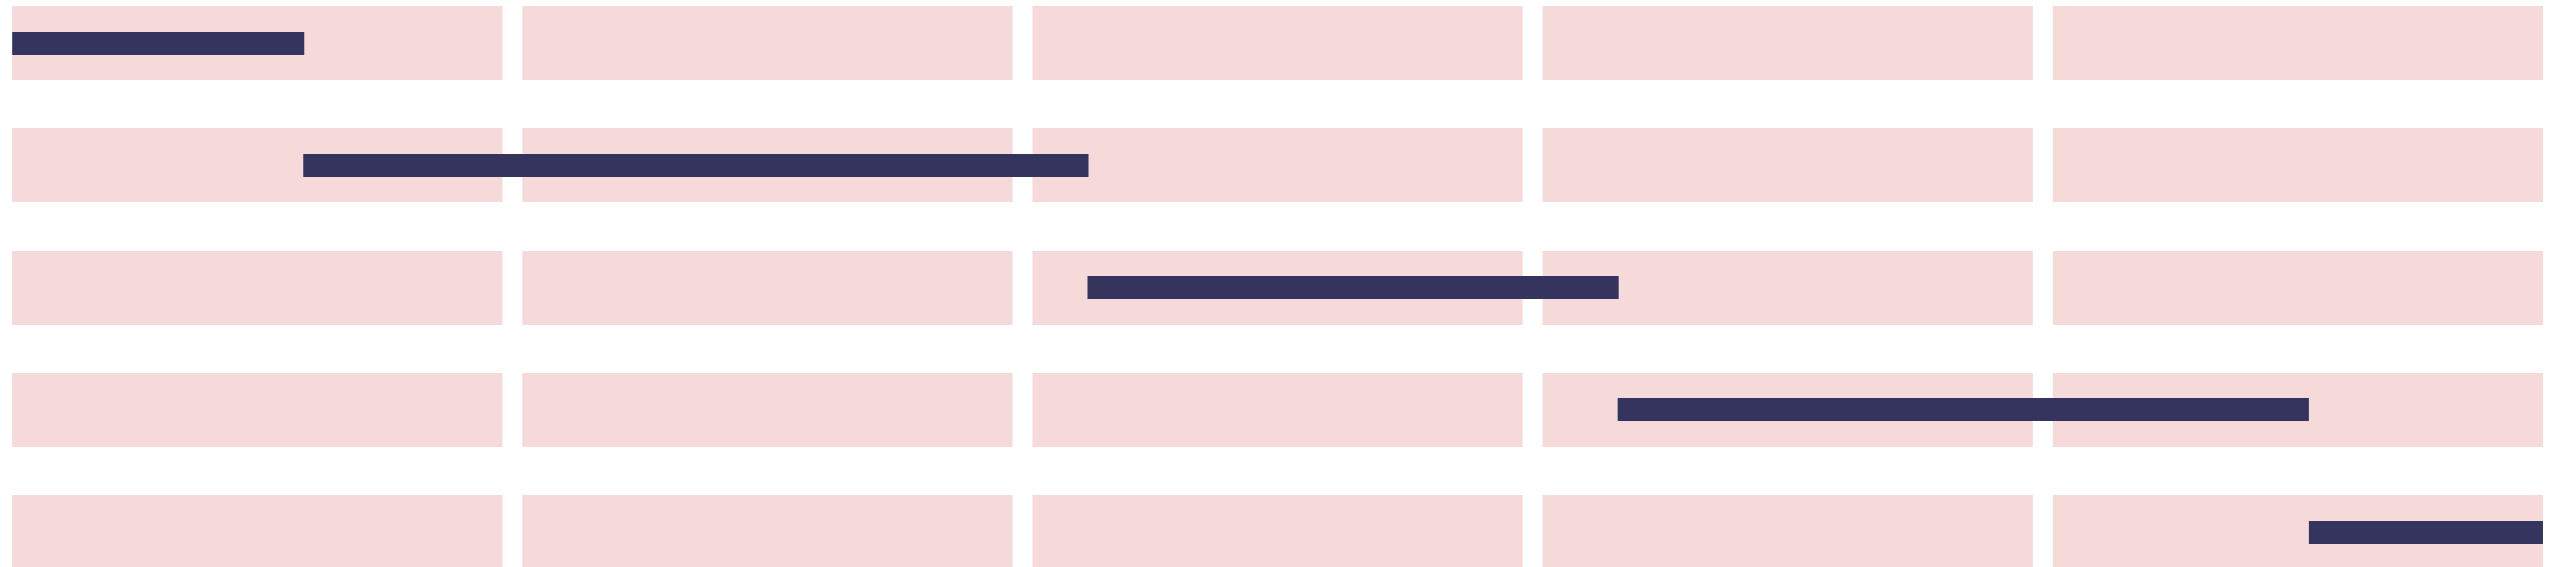

ENQUIRY

APPLICATION

TESTING

VISA

STUDY

Undergraduate Checklist

The application process requires many different documents and these vary from course to course. Our consultants will give you a more detailed checklist of all the documents you will need for your course and your university. These documents can often be substituted for equivalent ones depending on your country and the universities you apply to with your consultant. Some courses will require a portfolio of your exemplar work as well. Please note that translations of qualifications may also be needed. Our consultants will provide you more information.

- Passport
- School Transcript
- Qualification Certificate
- Predicted Grades Sheet
- English Qualification
- Personal Statement
- Academic Reference
- Portfolio

Postgraduate Checklist

To a larger extent than undergraduate, postgraduate requirements will vary by university and programme. If applying for a research programme you will often have to provide a proposal of what you would like to study. This will need to be approved by the institution you pick. For students who have previously completed an undergraduate degree in the UK, some other documents are needed as listed below. We have postgraduate consultants that will be able to give you specialist advice on your further education. You will also need to submit some exemplar work.

- Passport
- Degree Transcript
- Graduation Certificate
- Research Proposal
- English Qualification
- Personal Statement
- Two Academic References
- Portfolio
- UK Undergraduate Details
- CAS Letter
- Visa History
- Enrolment Letter

The Journey

The student journey consists of many stages and factors. Here is some information about the various parts of the experience alongside some of the things we do to help you along the way.

STEP 1

Visit

The importance of visiting and getting to know your university is often understated. The university experience is highly dependent on where you are. You might discover a desire to be at a rural campus university or you may discover that a city university is best suited to your needs.

THE UNIVERSITY EXPERIENCE

YOUR UNIVERSITY, YOUR HOME

The discovery of the new and exciting place students will call home for the duration of their studies is something they must do themselves. Our service here is the facilitation of that discovery. This stage is crucial to the rest of the time our students will be spending at university. Students can decide to what extent they would like our involvement at this stage, here are some of the things we offer:

- Organization of flights, hotels and travel for you (and your family)
- Contact with our student ambassadors currently studying
- Tours of campuses and attractions nearby

Discovery

STEP 3

Test

Universities may ask you to complete interviews and additional examinations as part of their application process. This may be subject specific or general and in some circumstances may take place before the application is submitted.

MAKING SURE YOU'RE IN THE RIGHT PLACE

IS YOUR UNIVERSITY RIGHT FOR YOU?

Testing is not just a way of the university understanding whether you will be a good fit for them, it is also an opportunity for you to gauge what universities will require of you going forward. In the testing stage, you will often get the opportunity to interact with academics at the university. You may also need to do an English exam. At EducateMe Global we support you with all of this, we can offer:

- Interview practice with academics
- IELTS preparation
- Support from students who have been through processes similar to the ones you will complete.

Comprehension

STEP 2

Apply

This is the stage where you make a formal application to the university you wish to apply for. With the help of your consultant, your documents will all be collected and checked then submitted to your university of choice.

MAKING AN APPLICATION

SIMPLIFYING THE PROCESS

Our students don't have to worry about the complicated stages of applications. The consultants on our team all have lots of practical experience working closely with our partner universities and will streamline the process with the student. Personal statements will be required at this stage - speak to your consultant about what we can do to help you with writing and refining this.

- Our consultants will inform you of the requirements
- Send the documents across to us virtually
- We'll make the application for you with our partner universities

Opportunity

STEP 4

Visa

Every international student that wants to study abroad will need some form of visa to comply with the destination country's regular the university administers an offer.

GETTING APPROVAL TO STUDY

A SMALL STEP WITH BIG MEANING

At this stage students will almost be ready to study at their universities but before that they need to get their visa approved. This is where students will speak with a specialised visa consultant at VFS Global who will complete all forms for them. Experts in the field will be on hand to ensure that your visa is accepted without any issues.

- Aiming to eliminate refusals
- Streamlining the process
- Expert guidance on the application

Journey

STEP 5

Enrol & Settle

This part of the process is all about creating a safe and secure environment for you to prosper. Feeling comfortable with your surroundings and confident in your knowledge of your area is key to starting off your university experience on the right foot. Enrolling is where you start your studies with the university.

A SAFE AND SECURE ENVIRONMENT

MAKING UNIVERSITY HOME

There are many different things to take into consideration when settling in to university including accommodation, opening bank accounts, and getting to know surroundings. From figuring out the nearest supermarket to beginning studies there are a range of things we can help with. When students enrol with their university by going through a few administrative steps they will officially be starting their studies.

- Accommodation is often provided by your university for the first year.
- Opening bank accounts is easy with our online service.
- Complete enrolment with your university.

Beginnings

STEP 6

Study

At university both the academic and social experience are imperative to your success. Studying at a world-class university in a different country is an incredible chance to interact with new cultures and people but its also a chance to interact with some of the best academic minds in the world and become an expert in your subject. Over the duration of your course, you will learn about academia and life more generally - you will develop as a person and EducateMe Global will continue to support you, adapt with you and push you further by opening doors for you.

EFFICIENT LEARNING

EDUCATION AND ACADEMIA

Nothing should hold back the student in achieving their full potential so at EducateMe Global we offer ongoing support for the students so they can focus on their studies. At university there is not only an academic aspect to learning but also an opportunity to learn more about practical skills like networking, balancing life and study, social etiquette and learning to live amongst others. This other education is a key part of the university experience and presents an amazing opportunity of learning to live away from family. This time can also be challenging so our students all benefit greatly from our support networks and services for the duration of their studies. This support network will include the consultant the student has been working with and has gotten to know over all the previous steps. It also includes our network of student ambassadors who will be on hand to answer university specific questions.

- Study Tips
- Ongoing accommodation support
- Student ambassador network
- Opening bank accounts
- Academic support
- Tutor facilitation

More than an academic pursuit

STEP 7

Graduate

When you finish your course with a passing mark you will graduate. You will receive confirmation of your studies and grades and it will be time to move forward. You will have some options available, including continuing your pursuit of education by moving on to a masters programme or moving into the working world - getting a job. For this, you can often continue on in the country you studied or move on to somewhere else in the world.

WHAT TO DO NEXT

ONWARDS AND UPWARDS

Having received an international education, all our students have come to grips with key skills in their comprehension of what is often a new culture and new environment. These are transferrable skills that are attractive to international employers. As such, EducateMe Global is partnered with a network of postgraduate blue-chip employers that are looking specifically for international students. We will also support future visa applications for working in the country of study. Our focus is on the student's aims and goals going forward and we will support them on all fronts in their decisions and aspirations. Our partner institutions also offer postgraduate courses for those wishing to pursue education further in order to be better qualified in their subject or to carry out research. We can also cater for PhD students.

- Move on to a postgraduate job
- Continue your education
- Control your future

Future

CHESTER CATHEDRAL

DE MONTFORT UNIVERSITY

Implementation

ZOYA SHAH (EDUCATION CONSULTANT)

PREPARATION

Whatever your background, when you think you might want to study abroad, we will assign a consultant that is best suited to you. They will handle your full student journey. This means they will figure out what university is best for you and to find you a course. This is the point at which we recommend visits. **Our English centres are online and in person where you can learn PTE or IELTS.** The consultant will then work with you to collect documents for your application. These will include all the documents listed on **pg. 9**. You will be given advice on how to construct a personal statement and any other supporting documents. Preparation for exams and interviews will also start at this stage.

APPLICATION

When all preparatory work is completed, our consultant will make the applications in accordance to your service plan. The universities will then ask you to complete examinations or interviews as per their requirements. After an offer has been issued, we can start on getting a visa application completed. At this stage of the process you will work with an expert at VFS Global to get complete this application, providing with necessary documents so they can fill forms on your behalf.

SETTLEMENT AND ONGOING

When you are ready to move in to university your consultant will offer you advice on accommodation, opening bank accounts and assigning you a student ambassador at your university. Your student ambassador will be available throughout your studies as a guide to university life and to offer any other specific advice. Your consultant will also be available throughout your university studies to offer advice on accommodation or anything else you have concerns about.

POST-STUDY

After your degree is near finished, your consultant will contact you to provide you access to our postgraduate offerings for those that want to pursue their education further. For those feel ready to move into the professional world, you will be given access to our network of international jobs to apply for at some of the most desired firms across the world.

Events

OVERVIEW

At EducateMe Global, we host and sponsor events for students to interact with academics and university representatives from all over the world. The purpose of these sessions is so that students can make more informed decisions relating to their studies. Firstly students can better pick a university to study at after interacting and learning more about the institutions themselves. Secondly, our workshops run by academics will give students subject specific insights regarding which topics and particular courses will fit them best. Lastly we run application focused seminars where students will be able to speak to academics and experts about what specifically universities are looking for. This will include things like how to organise a portfolio, how to write a personal statement and what universities will be looking for at interview stage. These

events, in addition to our services included in their respective plans, are enriching and incredibly valuable for our students to have a better chance of acceptance in making university applications. We are constantly trying to make students aware of the benefits of international study. Our events are often a way for us to encourage widening participation in a multicultural and international body of academic pursuit, closely linked to an international body of professionals with global careers. These events aim to explore students' prospects in a global education environment and offer a unique opportunity for engagement with a variety of experts from across the world. Participating in these events is an important step towards becoming a university student and understanding how universities function.

ENRICHMENT

Active learning is a key element of the process of education. Our events provide enriching educational material that gives students new perspectives and encourages innovative thought. Our webinars offer wider commentary on the state of the education sector, they give our students and our academic associates alike a platform to discuss the potential and direction of the global state of higher education.
